

**MAJOR INVENTIONS & INNOVATIONS OF THE
INDUSTRIAL REVOLUTION
PROJECT**

- 1.) Complete the brainstorm worksheet in order to construct an advertisement for your assigned invention/innovation.
- 2.) Each advertisement will include the following information:
 - a drawing of the invention/innovation
 - the problem(s) the invention/innovation solved
 - the impact of the invention/innovation on U.S economy
 - map of area(s) that would most benefit from the invention
 - impact of the future development or expansion of the U.S. Advertisements should be created to address a target audience (who would most likely purchase and/or use the invention)
- 3.) Essay question: *(At least one page, correct spelling and grammar, as well as properly using paragraphs.)*
 - How did factory systems and transportation improvements change American society?

DUE FEBRUARY 10TH (A-DAY) & 11TH (B-DAY)
